

Who can help?

Many people and organisations are involved in caring for nature in the City of Cape Town. Fill in the table below, summarising who you can contact to help you complete the challenges listed. Find information in the section *Conservation partners* in Module 6 and the Conservation Partners spreadsheet.

Work in pairs or small groups and see which group can complete the table first.

I want to ...	Who will I call?	What is their phone number?	What is their website?
Start a Friends Group to look after a natural area			
Learn how to identify birds			
Book the People's Trail for our school's outdoor club			
Get information on alien plants and water conservation for a school project			
Find out about research being done on South Africa's biodiversity			

Select organisations from this list:

- WESSA (Wildlife & Environment Society of South Africa)
- Cape Bird Club
- Table Mountain National Park
- ESKOM (Electricity Supply Commission)
- SANBI (South African National Biodiversity Institute)
